DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 17-19, 30-32 and 36-38 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Lent et al. Lent et al disclose a method

and apparatus for real time online credit approval including an Internet connection 1404 over the World Wide Web to gather information about an applicant and submit the information to at least one credit bureau to determine the credit worthiness of the applicant, see col. 3, line 53 to col. 4, line 37 and col. 17, lines 44-50.

3. Claims 1-39 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mandler et al. Mandler et al disclose a system and method for online purchase of goods including a buyer computer 21, a seller server 11 and a finance server 41. Electronic commerce including catalog services is disclosed in col. 3, lines 6-12. Credit limits and credit for each purchase is disclosed in col. 3, lines 31-65 and col. 6, line 44 to col. 7, line 15. Gathering information about the buyers is disclosed in col. 5, line 60 to col. 6, line 21.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Quelene is cited for the disclosure of web pages and credit checks, see col. 17, line 60 to col. 18, line 40 and col. 10, lines 22-30.
